A Little Peek

into our everyday...

Everyday I discover
more about myself
and learn new things.

I Me MYSELF & My friends

We
PLAY
share
build

Everyday I build bonds,
grow in confidence
and glow in everyone's
affection.

WE
CREATE,
WE
ACT

We
LISTEN
learn
EXPRESS

OUR
LITTLE DISCOVERIES,
Little victories,
LITTLE STEPS...

Everyday is full of
new achievements,
new joys and little leaps
that I cherish.

Welcome to Little Millennium

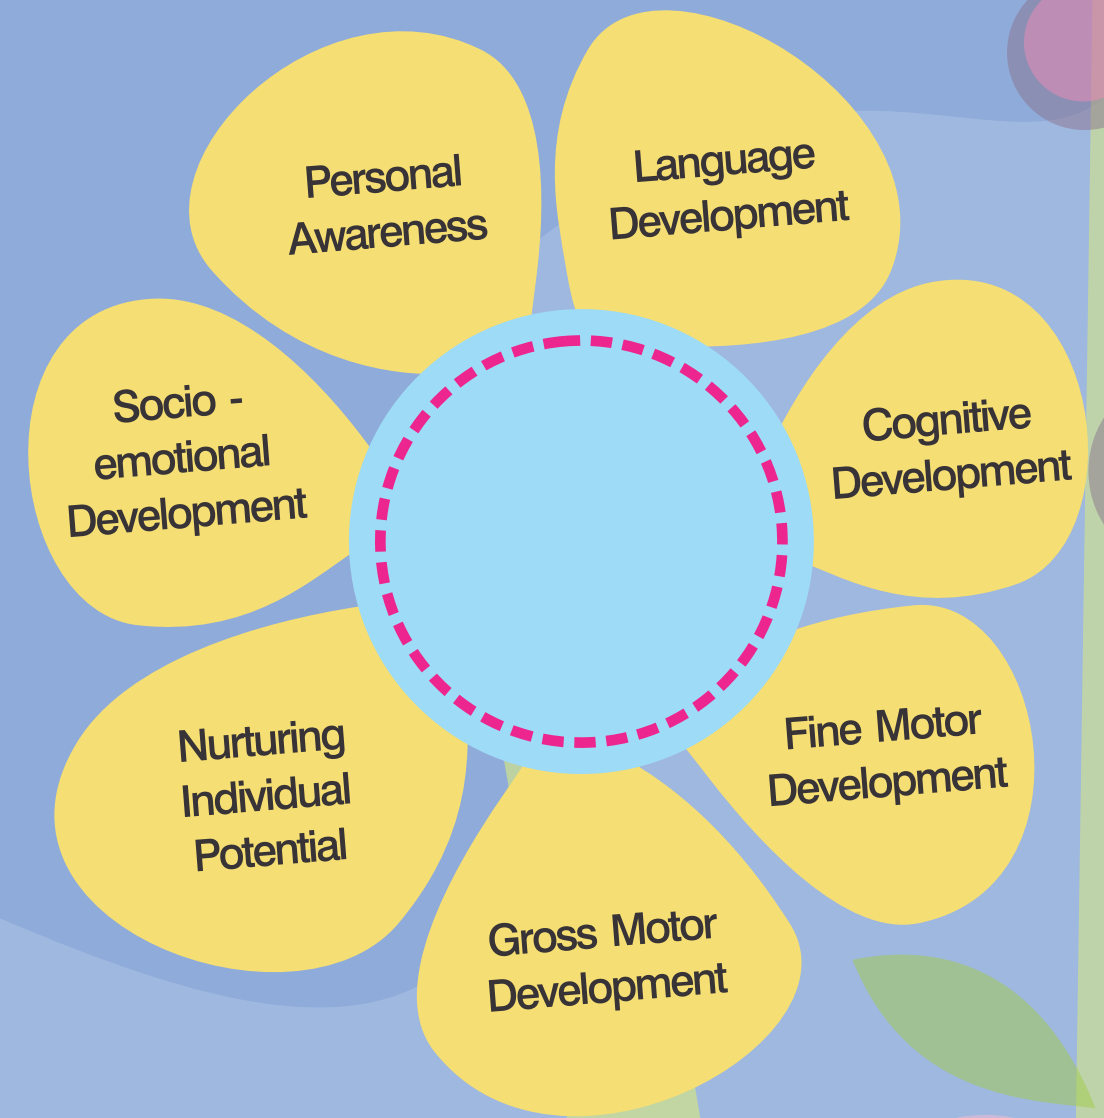

At Little Millennium, every step of your child's education is planned to the last detail.

Our team of professionals specializing in early childhood education have drawn upon their years of collective experience to come up with elements that contribute to a confident, smart and well-adjusted child.

Everyday, Growing a little, Glowing a little

To develop into a holistic individual, it is important that there is a harmonious balance between the body, mind and soul.

That's why, our proprietary 'Seven Petal™' approach uses sequential learning techniques for the holistic development of every child in seven skill areas.

Little Steps Lead to Big Leaps

We have been a little choosy...

Our unique methodology is based on best practices from five schools of thought. The combination of these schools of thought make the journey in the formative years exhilarating, exciting and helps maximize the potential of our little learners.

Way

At Little Millennium we follow a simple philosophy. We progress from the simple to the complex, from concrete to the abstract and from micro to the macro.

We have researched every single little step a child needs to take, to consolidate learning and make it a life-long experience.

The learner is introduced to oral language, mathematics, environmental science, art, music, drama, physical activities and yoga.

There is a lot to learn and the learner has no problem assimilating knowledge since the learning is done at the pace of the learner.

Down to the last, **little detail.**

The curriculum is broken into weekly and daily activities that are subsequently promoted into half an hour activity. We have detailed activities for every session that are mapped to the learner's level. Each activity is action-packed with games and fun.

By the time the little ones move out of our pre-school, they have developed a strong foundation, become a **happy** and lively part of society. And are ready, to take on the challenges of the world outside with a **confident...**

Hi
