

Naughty today. Genius tomorrow.

From today's Little Troublemaker to tomorrow's genius, the transition depends on your child's early education. Research shows that majority of the child's intelligence develops in the first 5 years. **Roots to Wings**, India's premier pre-school chain, with its unique and well-researched 'Seven Petal' approach, fosters and enhances this development. Watch your child bloom at **Roots to Wings**.

Presenting
a
Pre-schooling
concept

whose time has come:
Enable. Energise. Enhance. Childhood...

Roots to Wings is a pre-schooling concept crafted by Educomp Solutions Ltd., India's most premium and largest technology driven innovative company, since 1994. It currently serves over 15,000 schools and provides 'packaged to perfection' education to over 7 million learners and educators across multiple locations in India, USA and Singapore.

Roots to Wings, a time relevant holistic pre-school environment, has been developed after putting in thousands of man-hours by the EDUCOMP R&D team, designed to improve child grooming manifold with its "ECLECTIC" and "SEVEN PETAL" approach. Our belief and approach has played a significant role in moulding the life of children in our Roots to Wings centres since last one year. This endorsement has renewed our conviction to proliferate with our noble venture by expanding the network of **Roots to Wings** centres across the nation.

Roots to Wings is an opportunity for you to set in on a rewarding journey towards true achievements and accolades. We are looking for franchise partners with the right mindset - willing to invest time, effort and an inclination to be in the pre-schooling with adequate investment capacity.
