

## Connecting students and teachers around the world

WiZiQ.com, a subsidiary of Educomp is an Internet learning platform that connects students and teachers all around the world regardless of their age, nationality or school/college. WiZiQ not only facilitates the connection between learners and teachers around the globe but it also provides a channel of communication between them as well. Learners and teachers can connect through our state-of-the-art virtual classroom equipped with live audio, video, whiteboard and text chat elements. WiZiQ allows the teachers to teach at their own terms and even facilitates payments for their teaching and tutoring services. It's free to join.

## Connect and Communicate with WiZiQ Members

Internet gives an opportunity for a connection among people regardless of their geographical location. WiZiQ enables students and teachers to connect with like-minded students and teachers from all around the world. Anyone can join WiZiQ for free to:

- Find other students and teachers interested in the same educational topics.
- Connect and communicate to build a learning network.
- Collaborate using the live, virtual classroom.

## Teach and Learn Live, Online

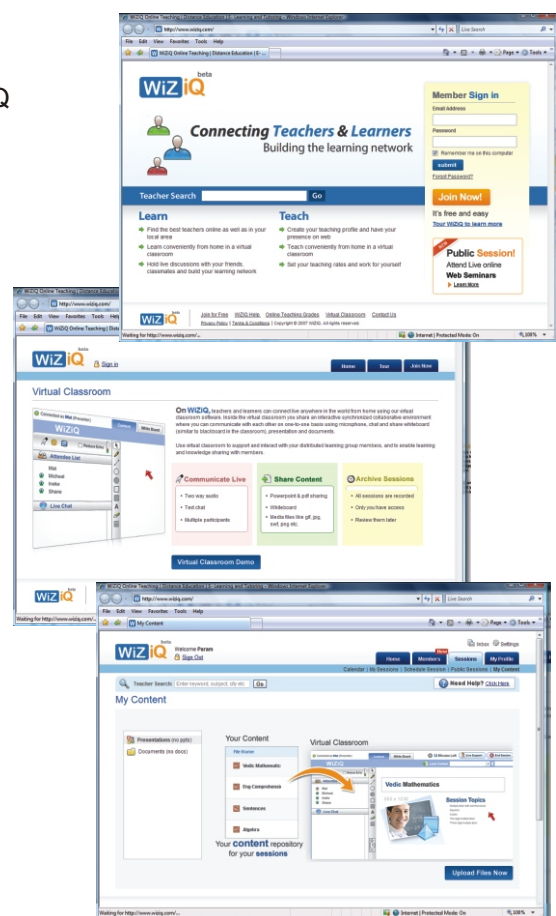

Teachers can offer live, online tutoring and can optionally charge a fee to the students for their services. The platform empowers the teachers to earn what they can from their knowledge and expertise while WiZiQ just acts as a facilitator.

- Learn and teach live, in a virtual classroom.
- Earn at your own rates for your knowledge and expertise.
- Tutor 1-to-1 or a group of students

## Find and Share Content

WiZiQ allows you to find content created by other WiZiQ members from all around the world. It also allows you to share your own content with other WiZiQ members. Anyone can join WiZiQ for free to:

- Share content with other WiZiQ members.
- Find presentations for their own course work.
- Create assignments and share them with students.
